Dear WILPF members and Friends,

### U.S. SECTION

#### Officers

Mary Hanson Harrison, President  
Mildred Livingston, Treasurer  
Candace Perry, Secretary

For nearly three years, our Women's International League for Peace and Freedom (WILPF US) Middle East Committee has been researching and writing the enclosed booklet, " Hamas at the Middle East Peace Table: Why?" The two of us tasked with the writing, Ellen Rosser and myself, faced the need to update the contents several times as situations in the Middle East changed. We have been witnesses to history as well as documentarians, with help from our editorial committee.

#### Interim Director

Paula Herrington

Our goals in presenting this subject remain the same. We still believe that chances of peace are greatly improved when all parties are present at the negotiating table, and that this requires enemies to speak to one another. Not only to speak, but also to listen. In order for this to happen, we must urge the U.S. State Department to remove Hamas from its list of terrorist organizations. As long as Hamas remains on that list, all participants are restricted in not being able to speak with a major party which needs to be included. After all, Hamas has been the one party with the power to stop the smaller groups in Gaza from firing rockets into Israel, and has done so.
