Building from Strength**

1August 13-15 and 20-22, with speakers and panels, discussion and Q&A

Suggestions for : panel topics, speakers, “lessons learned” about activism, leadership, outreach or other ideas.

We visualize the Congress 2021 advancing a three-fold purpose: 1) to highlight branch activities and presence, 2) to provide platforms for discussing issues related to social justice and intersectionality (power), and 3) to give members ways of working on solutions to these issues through actions and collaborative efforts...
