WOMEN'S INTERNATIONAL LEAGUE FOR PEACE AND FREEDOM

WHO WE ARE:

WILPF was founded in 1915, during WWI when women from belligerent countries gathered at The Hague to lay the groundwork for a lasting peace that would benefit future generations. Two of the U.S. leaders received the Nobel Peace Prize, Jane Addams in 1931 and Emily Greene Balch in 1946.

WILPF continues to work to achieve through peaceful means world disarmament, full rights for women, racial and economic justice, an end to all forms of violence, and to establish those political, social, and psychological conditions which can assure peace, freedom, and justice for all.

Listen to women for a change!

WILPF CONNECTS PEACE, ENVIRONMENTAL, RACIAL AND SOCIAL JUSTICE ISSUES

We are committed to a planet that is healthy and livable for all forms of life. Until all people everywhere enjoy the basic rights of health care, housing, education, job equality and a safe clean environment, there can be no justice anywhere.

WILPF OPPOSES WAR & MILITARISM

We believe that conflicts should be settled with dialogue and diplomacy. Women have the capacity to change the world but have historically been excluded from political and peace-building processes. We support U.N. Security Council Resolution 1325, stating that women should have equal representation at all peace negotiations.

WILPF SUPPORTS A JUST ECONOMY AND A HEALTHY PLANET

When our economic system is based on peace and social justice rather than war, it will provide living wage jobs, renewable green energy, universal health care and an educational system that provides viable opportunities for every child. We challenge the constitutional rights of corporations that enable them to interfere in local, national and international decisions. We support international agreements that promote Fair Trade and protect labor, public health, and our environment.

WILPF ADVANCES HUMAN RIGHTS

We support the U.N. Universal Declaration of Human Rights. We work to dismantle injustice and discrimination based on race and ethnicity, gender, sexuality, class, age, and citizenship status. For more details on the issues, please visit our website at wilpfus.org.
