## B- Planning for Solidarity Actions in 2022

### What we started to discuss in November:

- A collaborative legislative action CALL IN campaign, proposed at our Congress,
- an “Art Build” to raise awareness about Haiti, that Ashley Carrington proposed,
- the June 18<sup>th</sup> Poor People’s Campaign massive march in DC that Rowan Fairgrove proposed
- Robin Lloyd proposed the Jan 22<sup>nd</sup> Anniversary of the Treaty on Nuclear Weapons on behalf of the DISARM Committed,
- and Eileen Kurkoski raised the idea of nationwide action about drones, including the increasing use of weaponized drones against US citizens, especially black and brown citizens, at the southern border and at Black Lives Matter protests.

Cut The Pentagon is a coalition of groups pulled together by CODEPINK, the Institute for Policy Studies, The People's Forum and World Beyond War, with a commitment to be in the streets with peaceful direct actions, theater, disruptions and teach-ins. Whether in Washington DC or around the country, we will be organizing actions every day—exposing individuals and companies that profit from war, pressuring Congress and the administration to join us, making common cause with the positive causes that deserve more tax dollars, lifting up the stories of those most affected by militarism, and the lack of funds it steals from their needs.
