Women's International League for Peace & Freedom International Women’s Day Luncheon

Saturday, March 9, 2013, 11:30 am

with keynote speaker

Donna Gilmore
Communications Director, San Onofre Safety

After reading reports in the local newspapers that employees of the San Onofre Nuclear Power Plant were being harassed and even fired for reporting unresolved safety issues to the Nuclear Regulatory Commission or to the public, Donna decided to investigate further. To her shock and dismay, the stories were true. The more she investigated, the more problems she found. San Onofre Safety (SOS) is a group of concerned citizens who have joined forces to inform the public about critical issues that are not being resolved by those responsible for protecting our safety from a nuclear disaster.

Saturday - March 9th, 2013
