Excerpted here:

*“we need a global food system that reflects our democratic values; the current UN Food System Summit was **not planned to be inclusive**. The US should encourage participatory and decentralized planning processes as they authentically democratize food systems and local governance. The civic society should be planners, not simple guests, of these conversations.”*

Read the **Policy Brief by Professor Michael Fakhri, the UN Special Rapporteur on The Right To Food**.

With your help, we have sent 6 million syringes for COVID-19 vaccinations to Cuba. Now we will send urgently needed medical supplies, especially PPE (personal protective equipment).

Help us raise funds to send (with a license) essential medical supplies, including PPE, to Cuban health workers. This is an act of solidarity with the Cuban people. Donations by credit card can be made online at <https://ghpartners.org/syringes4cuba/>.

Checks payable to Global Health Partners (with “*Meds Campaign*” in the memo) can be sent to: **Global Health Partners, 39 Broadway, Suite 1540, New York, NY 10006.**

## **EARTH DEMOCRACY COMMITTEE** –

**Nancy Price** [nancypprice39@gmail.com](mailto:nancypprice39@gmail.com)

The **United Nations** Framework Convention on Climate Change (UNFCCC) hosts the formal meeting of the [Conference of the Parties](#) or COP... The COP 26 summit. October 31 to November 13 in Glasgow, Scotland...

[https://en.wikipedia.org/wiki/Conference\\_of\\_the\\_parties](https://en.wikipedia.org/wiki/Conference_of_the_parties)

COP 26 will bring parties together... to accelerate action ... towards the goals of the 2015 Paris Agreement... and the pledges made there ... and to review what was achieved since then... and what, in the face of the accumulated evidence, must the UN countries do now... to make new commitments.

Your **Earth Democracy team** will begin in a few weeks to send eAlerts of how to begin planning for events here in the United States ... to influence the US position at COP 26. **Stay tuned and plan to mobilize** in your community in many different ways.

ALSO

**Tribal Attorney Frank Bibeau is bringing a court case in Minneapolis on behalf of the Ojibwe Tribe to protect the Rights of Nature.** At issue is the protection of sacred wild rice crops which are protected by Treaty, but threatened by extension of the Enbridge #3 Pipeline. Enbridge is 'taking' millions of gallons of water from points in Minnesota which feed the wild rice water patties. This is a case with lots of importance.
